The Power of Well Being

Community Engagement - Statement of Intent

Metheringham Parish Council believes the residents of the community should be actively involved in decision making at this level and have input in the future of the parish. This Statement of Intent formally endorses the Council's intention to engage with the Community.

Aims and Objectives

Metheringham Parish Council is totally committed to high standards of engagement with its community. The aim of the Community Engagement Statement of Intent is to improve the way in which the Council engages and consults being the first tier of local government and directly accountable to the electorate of the parish. The Council will consider the Sustainable Community Strategies compiled by North Kesteven District Council, Lincolnshire County Council and Lincolnshire Assembly to promote long term economic, social and environmental well being.

Defining the Community

Metheringham Parish Council believes our community is everyone within the parish boundary, including residents, businesses, village organizations and visitors irrespective of physical ability, age, sex, religion or ethnic origin. In addition the Council also endeavours to engage with the various committees, neighbouring parish councils, principal authorities, the local police, fire and rescue service, health authorities, school, churches, community groups and any other not for profit organizations.

Provision of Information to the Community

The Council ensures information is available to the community on its work and decision making, through Agendas, Minutes, Annual Reports and other publications.

The Annual Report contains a report from the Chairman on the achievements of the Council, reports from the various working groups and a summary of the financial position. This is delivered to every household in the parish. The Annual Village Meeting held between 1st March and 1st June is organized by the Parish Council for all local voluntary groups and residents of the village.

Specific Areas for Community Involvement

Metheringham Area Community Leisure Association was formed in 2000 to encompass the voluntary organizations operating in the village and surrounding area. A survey was carried out and from this an action plan developed. The main successes so far have been the website and quarterly magazine. The Parish Council are actively involved with the original plans to improve the sports facilities in the village, this is still ongoing due to difficulties with Lincolnshire County Council relating to land issues. The Council hold public meetings to ascertain the views of the residents whenever necessary.

Metheringham Parish Council has more recently formed a Parish Plan Steering Group consisting of three council members and a small number of residents who have expressed an interest in the group.

The Council have also identified the need for teenagers to be actively involved in the decision making process. The formation of a Youth Council is being progressed.

This statement will be reviewed on an annual basis and amendments made accordingly.
